**Board of Water & Sewer
Commissioners**

Ed Burt, Chair
James Morin
Donald Cooper

September 7, 2021

Dear Residents,

Due to filter maintenance at our water treatment plant our pumping capabilities will be substantially less, so we have imposed a temporary mandatory NO outdoor watering restriction for approximately two weeks. No irrigation, sprinklers, handheld use or washing cars will be permitted during this time and may lead to fines and/or discontinuing of services. Please continue to check the town website (hopedale-ma.gov) for further updates.

**Thank you for your cooperation,
Hopedale Water Department**
